

MO SCREAMIN EAGLES CASE CLUB

1996 10TH ANNIVERSARY 2006

July, 2006

www.missouriscreamineagles.com

Dear Screamin Eagles,

We want to thank Frances and Charles Thomas for their great hospitality at our June meeting. They had a nice display of tractors and a very delicious spread of food for us to enjoy. Thanks for having us.

About 20 members attended the June meeting. Members gave reports on some of the tractor shows and large auctions they had attended. The water and sewer project are waiting on the MO River Valley Club. Ours water line will be an extension of theirs. Discussion was held on a work day in August to get the building ready for the show and hopefully work on the water/sewer lines. Date will be set later. There will be a work evening on Wed. Sept. 6th from 6:00 to 8:00 to do final clean up and organization for the show. Raffle tickets were discussed and are included with this letter. The quilt was made and donated by member Mary Sorrells. Thanks so much, Mary. The concession stand will have seasoned chicken patty sandwiches, cold ham and cheese sandwiches, hot dogs, polish sausages, chips, soda and ice cream. Discussion was held on renting a freezer from the Coke company and buying ice from them so that members do not have to haul ice in or buy it at the grounds which is more expensive. Remember there will be a parts corral which you can bring your items to sell. The club gets 10% of the sales. Each consigner will have a number this year for bookkeeping purposes. The idea of having a celebration/party for the 10th anniversary of the club in December was brought up. Let us know if you have any ideas or feelings about that idea.

The rest of the meeting centered American Farm Heritage Museum Show in Greenville, IL. Greenville is 40 miles east of St. Louis. You will take Hwy exit 127, turn left and then left again to get to the show grounds. We will be the feature tractor host club. We will have a table in the feature tent. We will need members to help man the table. The Case tractors will be directly in front of the tent. There will be a Case only tractor pull at 4:00 Saturday. There will be tractorcade from all four directions on Friday. Call Alois if you are interested in participating. There will be ground to plow, disc, and harrow. Hopefully we can have a good showing of Case tractors. Our July meeting will be on Saturday afternoon before the tractor pull. If you want to make reservations the motels are the Best Western, 618-664-3030; Budget Host, 618-664-1950; and Super 8, 618-664-09-800.

We will have the board of pictures of members at the building in September so if you have not turned in your picture of you with your Case tractor or piece of equipment, send them to us so we can get them on display.

Sincerely, Jim and Mary Peeper, Secretaries
