Dear MO Screamin Eagle Case Club Members,

Hopefully everyone has their crops planted and they are coming up well. Rains are spotty here so it seems. Hope they are hitting your field.

We had 5 members ride in the local tractor ride from Centralia to Sturgeon on June 8th. It was the first ride for all five, was a beautiful day and only a 20 miles total ride so all had a good time. There were no Cases that broke down! The previous Friday all five also rode in the Centralia Anchor Fest parade.

We have four new members that were never welcomed in earlier letters. We do welcome and hope to see them at future meetings:

Charley Santhuff of Ellington, MO
Ross Richwine of Alexis, IL
Kelly Richards of West Point, IA
Pat Tobin of Ainsworth, IA

The June meeting will be a work day on Sunday, June 24th, at our building at the Wooldridge exit of I-70. We will have a carry-in dinner with the club providing the meat and drinks after an afternoon of work. The work will start at about 1:00 PM and the meal will be about 5:00 PM. We plan to have the septic tank in before the meeting so there will be dirt work to do and roughing in the plumbing inside the building. We are working toward a restroom and a three-sink kitchen area that will pass the Health Department's requirements for operating a concession stand. You might call Alois (618-538-5427), Jim(573-682-5253), or Mike Holder(573-687-3558) closer to date to see what tools to bring. Hope to have a good crowd to get some work done before the show in September.

The July meeting will be at Don and Marti Hartz's home in Tebbetts, MO. It will be on Sunday July 29th. It has been awhile since Don has made it to a meeting so it will be good to hear what he has been doing with Case Company.

We do plan to have a concession stand and the building open during the Boonville show which requires people to work so keep the dates of September 6-9th on your calendar. It is not hard work and gives you a great chance to visit with Case people.

The club has picture boards containing pictures of members with their tractor or other Case equipment in the building and to take to shows. If your picture is not included, send me a picture. It is good to see the faces of the members that some do not get to see very often. Also, send in your member profile if you would like to be featured in the newsletter.
