

MO SCREAMIN EAGLES CASE CLUB

May, 2008

www.missouriscreamineagles.com

Greetings Case Members,

About 21 members gathered here in Centralia April 21st for club meeting at Jim Peeper's store to look at and talk about Case.

Alois Hoffman called the meeting to order at 7:00 PM. Mike Holder reported that the bank balance was \$459.00 and all debts are paid. New '08 hats are here and cost \$10.00. Everyone introduced themselves as there were new members and members that do not regularly attend meetings. Announcements were made for upcoming tractor shows.

Jim Peeper announced that we had received written confirmation that the JICCA would be joining in sponsorship of the 2011 Eagle 1 Expo. He had attended a meeting of the Northland Club and they were interested but did not officially commit. 2011 will be the 100th anniversary of the first Case Car so it is hoped that we have a display of cars. The idea was presented that we need a commemorative toy tractor made for the show. It was also suggested that we need a logo for the Expo to use on hats, shirts, and other items. If you have any ideas please let Alois or Jim know. A list of committees has been established and members are asked to volunteer to chair a committee. This list will be sent to JICCA for their members to sign up also.

Dan Bockhold is ready to start on a DVD of club members tractors so if possible, send him a digital picture or print of your tractor. He is also working on a clock face with tractors instead of numbers and needs digital pictures for that. He would like a progression from steam to late model Case (not Case IH). He is ready and willing but needs our help, so get your pictures in.

Member Ed Keuning asked members if they would be interested in a March show in Pella, IA. There are several interesting places to visit such as Vermeer Baler Factory, Pella Windows, just to name a few. Members voted for him to start working on a tour to see if he can get one organized.

Mary Sorrells has donated a quilt for this year's raffle. Thanks to Mary.

It was decided that the next meeting would be Saturday, May 17th at 8:00 am at our building in Boonville. Lunch will be on your own. MO River Valley club is having a swap meet and a consignment auction that day. There will be a work day on the building in the morning and items will be taken to the auction that we do not want in the building any longer. If the weather permits farming, this may be cancelled so call before you come. Call Alois Hoffman at 618-538-5427, Mike Holder at 573-687-3558, or Jim Peeper at 573-682-5253.

Remember to send in new pictures of you and your tractors or Case equipment for the picture board to Mary Peeper, 11585 Rodney Griffin, Centralia, MO 65240. The picture boards draw a lot of attention at the KC farm show and at the show in Boonville.

If you have not paid your membership dues of \$10.00 please do so. These can be mailed to Mike Holder at 805 S. Ogden, Sturgeon, MO 65284.

Check out the web site and hope you can come May 17th but remember to call an officer before you come.

Jim and Mary Peeper, Secretaries
